

## Artpace San Antonio Temporarily Closes to the Public Until Further Notice

March 13, 2020

Dear Artpace family,

In consideration of our community and according to the guidelines that the City of San Antonio recommends in response to the COVID-19 outbreak, Artpace will be **closed to the public** beginning tomorrow, Saturday, March 14, 2020. We have also suspended all public programming until further notice, including our Spring 2020 International Artist-in-Residence public opening reception and talk, originally scheduled for Thursday, March 19, from 6-9 pm.

As an international residency program, we are committed to engaging local communities with global art practices and experiences. To support our artists and the community, we will be taking the necessary steps to transition select public programming into **digitally accessible content** that will stream on all platforms available to us. Artpace is committed to **maintaining our cultural responsibility by providing access to art when it's needed most and connecting our community across countries and through difficult times.**

Thank you for your continued support and belief in Artpace, our artists, and our mission. We can't wait to have you back at Artpace soon.

Artpace will continue to closely monitor the situation and assess the need for continued closure. For the most current information, visit [artpace.org](https://artpace.org).

Stay safe and support each other.

Riley Robinson  
Executive Director, Artpace San Antonio
